WHY INSURE IN THE

1893.

# WASHINGTON LIFE INSURANCE CO.

## OF NEW YORK.

**B**ECAUSE: Although Not as Old as the Oldest, . . .  
Or as Big as the Biggest, It Is

**Safest Among the Safe. ☼**  
**Strongest Among the Strong.**

AND ITS CONTRACTS ARE AS

Good as Gold Bonds and Bear Better Interest  
Than U. S. Government Bonds.

Old Enough! Safe Enough! Strong Enough and Good Enough for Anybody.

That's why I insure my life in it. Can you or anybody else give any better  
Reason for insuring in any other Company? Does any Company offer any  
More reliable inducements or present stronger claims?

**B**ECAUSE: Its Assets of Over \$12,500,000 Are  
Invested in Undoubted Securities.

"**W**E are justified in saying that  
no securities are so staple  
and safe for the investment  
of a life insurance company as well  
selected bonds or mortgages,  
and that from no other sound  
securities can so large a rate of  
interest be realized." —33th Annual  
Report of the Mutual Life of New York.

# THE "ROCKY MOUNTAIN" LIMITED

OVER THE CHICAGO,  
ROCK ISLAND & PACIFIC

Popularly known as the

"GREAT ROCK ISLAND ROUTE"

To meet demands, this Company added a new train on May first. It is No. 21 and called the "Rocky Mountain" Limited.

NOTHING LIKE IT WEST OF CHICAGO.

This is strictly a Limited Train, its equipment new and made especially for it, and no extra charge over regular ticket rate.

This train has the "Rock Island's" Popular Dining Car Service. No finer equipment on any train in America.

After arrival of fast trains over trunk lines from the East, this new train leaves Chicago daily at 10:25 A. M., thus avoiding all tedious delays in Chicago depots, and is only one night out to Denver, Colorado Springs and Pueblo, arriving at these important foot-hill cities next afternoon, in advance of all competitors.

Our "Big 5" leaves Chicago daily at 10 P. M., is only one day out, arriving at Denver the second morning at 7 o'clock. Has Dining Car Service.

Especially attention is called to our new time to Kansas City on our train No. 11, which leaves Chicago at 6 P. M. daily, arrives at Kansas City at 9 A. M. in time for all connections West, South and Southwest.

The Rock Island is the only direct line to Manitou.

# DES MOINES LIFE ASSOCIATION.

**AGENTS WANTED.**  
 Address. C. E. RAWSON, President.

**DES MOINES, IOWA.**

## TO INSURANCE AGENTS.

GENTLEMEN—The Des Moines Life Association, operated on the "Rawson System" of life insurance, is not a high rate company or a low rate company, but an organization whose premiums are based on insurance experience, and are sufficient, but not exorbitant. According to the sworn reports of the old-line companies to the New York Insurance Department for the past thirty years, we are collecting just a little more money to pay death losses with than they do, but not nearly as much for expense and reserve. Thus you will see that, by basing our mortuary collection on this experience, we are absolutely safe at less than one-half the rates charged by old-line companies. We need not tell you that an agent's value is measured by his ability to collect premiums, or that it is much easier to collect a premium of \$75 for a \$5,000 policy in our company than it is for a \$2,000 policy in an old-line company. This is why agents say that the Des Moines Life Association is a bonanza for them. The insured, for the same premium, gets more than twice the insurance furnished by the old-line companies, and insurance that is absolutely safe, and yet the agent's commission is about the same. We write as many Iowa people in a month as any old-line Iowa company write in a year. We are doing business in eight different States, and before the close of 1893 will be in at least twenty States. For three years in succession we have written more Iowa business than any one company, eastern or western.

We have some good territory for special or general agents, Address.

**C. E. RAWSON, PRESIDENT,**

**DES MOINES, IOWA.**

# READ THE FOLLOWING CAREFULLY. REFLECT AND THEN ACT.

## ABSOLUTELY SAFE—READ CAREFULLY.

**W**E wish to explain why the Des Moines Life Life Association is **absolutely safe** for all time to come. The money paid in by the people for insurance is divided into three different funds, viz.:

### Mortuary. Reserve. Expense.

These three items comprise the elements that make up the gross premium charged. The following shows the amount charged by old-line companies for pure life insurance, and also the amount charged by us.

#### Cost of Old-Line Insurance at Age 40 for \$1,000.

Mortuary .....	\$ 9 20
Reserve .....	18 00
Expense .....	8 95—\$31 21

#### Cost of Des Moines Life at Age 40 for \$1,000.

Mortuary .....	\$ 9 00
Reserve .....	2 40
Expense .....	3 00—\$15 00

You can see from the above that we collect more to pay our death losses than do the old-line or legal reserve companies, but not nearly as much for reserve and expenses. The president of many of the old-line companies draws a salary of \$50,000 per annum (the same as the President of the United States), a few of them get \$35,000, while our president simply gets pay for the time he puts in, and must be paid from the \$3.00 per \$1,000, as well as all the rest of the expenses of the company.

## BUSINESS MEN ASK FOR OUR INSURANCE.

Several of our Des Moines men, during the past year have either called at our office or asked us to call on them and write their applications for a policy, which has been very gratifying indeed. None has been more so than a man whose name is familiar not only to insurance men but to the masses of people of the great State of Iowa. We refer to Adam Howell, president of the Hawkeye Fire Insurance Company of this city. Not long since, Mr. Howell said, as we were dining together, "Why don't you call and write me a policy in your company?" at the same time saying that he had heard a great many good things said about the D. M. L. A., and felt that we were worthy of the support of our home people, as we were building up a Western institution that was a credit to our city and State. We appreciate the confidence thus placed in the D. M. L. A. by a man that stands on the top round of insurance and at the head of a company that needs no introduction to the people of Iowa. We feel that we have added to our membership a valuable name, one that will carry weight with it. At the same time we have increased Mr. Howell's estate just \$2,000.

## OUR PYRAMID.

Built in the Three Years and a Quarter that the Company Has Been Operated on the "Rawson System."

	ASSETS.
July 1, 1889 .....	\$000.00
Oct. 1, 1889 .....	4,100.00
Jan. 1, 1890 .....	11,327.19
April 1, 1890 .....	20,970.19
July 1, 1890 .....	27,340.19
Oct. 1, 1890 .....	35,525.17
Jan. 1, 1891 .....	39,193.76
April 1, 1891 .....	49,650.76
July 1, 1891 .....	55,310.76
Oct. 1, 1891 .....	67,185.76
Jan. 1, 1892 .....	73,188.31
April 1, 1892 .....	80,763.31
July 1, 1892 .....	88,778.31
Oct. 1, 1892 .....	91,436.31
Jan 1, 1893 .....	105,107.75
April 1, 1893 .....	111,691.75
July 1, 1893 .....	122,757.75

We wish to impress it on your mind that the above assets all belong to our policy-holders. No stockholders to absorb the savings. On the other hand, at the end of each tenth policy year, this fund is equally divided among policy-holders who have kept their policies in force for ten full years, giving them their choice either in cash or paid-up insurance.

## TEN REASONS

**WHY** The Leading Life Insurance Agents prefer to represent this Company, and

**WHY** The Masses of the People Insure with us.

**FIRST.**—Because we write pure Life Insurance without any side issues.

**SECOND.**—Because we pay our death losses promptly and in full.

**THIRD.**—Because we do the leading business in Iowa, old-line or new.

**FOURTH.**—Because we pay our agents a cash commission on the fifteenth of each month.

**FIFTH.**—Because we have no membership fee, making our plan much more desirable.

**SIXTH.**—Because our payments are fixed, doing away with post-mortem or pass-the-bat assessments.

**SEVENTH.**—Because we always have money to pay death losses promptly, and to loan out on Iowa farms.

**EIGHTH.**—Because in case a policy-holder gets totally disabled he can draw one-half of the benefit while living.

**NINTH.**—Because we write the Joint Policy on man and wife, or any two relatives, with the full amount payable to the one that lives the longest. The best, as Noah said when he invited them into the ark, "come in pairs."

**TENTH.**—And because our dividend, at the end of ten years, will equally divide the accumulations between every policy-holder that has kept his policy paid up for ten full years. If they have paid one dollar too much it will be returned to them with interest, making the cheapest insurance obtainable.

TO FIND

A

NAME

YOU

MUST KNOW

HOW

TO

SPELL IT.

# INTRODUCTORY.

It is with a great deal of satisfaction that the publishers of the Des Moines City Directory this year present to the public their second annual volume for this city. This satisfaction, too, is one that may be shared by the general public, for it arises from the larger and better work the publishers have been able to do, owing to growing familiarity with the city, the result being to make the Directory better, more accurate, and more complete than last year, and therefore more valuable to its subscribers and all others who may have occasion to consult its pages. There are many improvements in this year's book in the manner of arranging the collated information that will tend to simplify and therefore expedite the task of finding a desired name or other information. It is, of course, our aim to adopt from time to time such improvements as suggest themselves, to the end that the Des Moines City Directory shall hold its place in the front rank of such publications throughout the United States.

## Increase of Population.

So much for the Directory. When one turns from the book to a contemplation of the city of Des Moines, of whose busy population and diversified interests the Directory is, as it were, a condensed reflection, and attempts in a few short pages to give a review of its business and people, there is such an embarrassment of riches in the way of material that he is apt to hesitate in the matter of choice.

One of the most gratifying things to the people of this city is its steady and healthy growth in population. In many cities, notably in the West, there have arisen what have been denominated "booms"—periods of unnatural and therefore undesirable activity in all branches of business. In "boom" times and towns real estate values rise to figures which would be amusing to the thoughtful observer were it not for the calamitous results that are sure to follow such feverish inflation. During the prevalence of the craze, owners of lots are millionaires; business blocks are built for

which there are none but prospective tenants; houses are erected for people who never come to occupy them; the "boom" begins to wane, the "bottom drops out" of the real estate market; prices sag in all lines, and the city wakes from its wild delirium, like a drunken man from a frenzy, to find itself weakened and enervated, and its prospects and property seriously impaired. When a "boom" once strikes a town it always leaves its mark, and it takes years to get back on a solid footing.

Des Moines, fortunately, has never taken kindly to "booms" or "boom" methods. Its citizens and businessmen, as a class, are solid, sensible, and conservative, always looking to see that whatever may be done in the way of improvement shall be of a permanent character and the best possible thing to be done at the time.

The site of Des Moines was occupied on May 9, 1843, by the United States government as a military post. February 8, 1856, the then town of Fort Des Moines was incorporated as a city under its present name; and the same year the seat of State government was transferred here from Iowa City. From that time on the progress of the city has been steady and substantial. Its population at the date of removal of the State capital was about 2,000; in 1860, at the breaking out of the civil war, it was 3,695; in 1870, 12,055; in 1880, 22,696; in 1890, 53,496; in 1892, 68,574; an increase over 1890 of 15,078; while this year, by an actual house-to-house census taken in connection with the regular canvass for the City Directory, the population of Des Moines is shown to be 75,846, an increase over last year of 7,272. This is a showing of solid growth that may well challenge the admiration of all except envious and chagrined rivals, and one well calculated to fill our citizens with pride and satisfaction.

## Location and Resources.

In the matter of location, Des Moines is peculiarly fortunate. Lying on the direct line of travel between Chicago and Western points, with no other large cities near

enough to overshadow it, it enjoys an extensive trade. Its natural resources are such as augur well for its future and continued prosperity. Prominent among these are coal and clay. The former is found in prodigal abundance and many varieties, from the best range to the common brands. Good soft coal is mined within the city limits and delivered to the consumer at a moderate price, while slack for firing can be obtained at an average price of fifty cents per ton. With such cheap fuel, and the unequalled shipping facilities afforded by its numerous railways, it is but natural that Des Moines is fast becoming a city of manufacturing enterprises. Splendid clay for brick making is also found in this vicinity, and pipe and drain tile and all sorts of pottery ware are also turned out from native clay.

The agricultural region surrounding the city is unsurpassed in fertility. That a rich farming country is essential to the solid and continued growth of a city is too well understood to require argument here, and Des Moines has this prime factor of growth in a most marked degree. Lying all around it are as good farms as ever "laid out of doors," to adopt a Hoosierism. Bountiful crops reward the husbandman's toil, pouring a golden stream of grain into the warehouses in exchange for a golden stream from the banks. Great market gardens are also scattered around the city, the rich black soil bringing forth table vegetables and dainties in prodigal profusion.

#### Public Conveniences.

Des Moines has probably the finest and best equipped street car service in the West. The numerous lines reach out to and pierce all the suburban portions of the city and spread a net-like web of tracks through the business part of town. The numerous lines concentrate at the transfer station in the center of the city, and the transfer system is such that one may ride from the extreme north-to-south or east-to-west limits of the city for one fare. The rolling stock on these lines is in the main of sumptuous quality, and what little remains of the old material with which the lines were run when the present management assumed control is fast

being replaced by new and modern equipment. If there is anyone to whom the citizens of Des Moines owe a debt of gratitude, it is Jefferson S. Polk, President of the Des Moines Street Railroad Company, and George B. Hippee, his able general manager.

The Des Moines Water Works are also of first-class quality, furnishing an abundance of pure, clear water. Since the location of Valley Junction upon the Raccoon River a few miles west of Des Moines, and higher up on the river from which this city draws its water supply, a movement has been started to change the location of the water supply, and build new and larger works. The water supply has, however, been satisfactory up to the present time, and the works will compare favorably with those of any other city of like size.

While not strictly belonging under this head, we wish here to mention the railways that pass through or start from Des Moines. At present these comprise about fifteen lines, radiating in all directions, affording the amplest shipping facilities to our manufacturing and business interests, the legislation of the General Assembly during the past few years on this subject having tended to equalize freight charges, and prevent unjust and burdensome discriminations. With a moderate freight tariff our business men are enabled to reach out into adjacent territory, and have built up a fine wholesale trade with surrounding towns.

The Des Moines Union Railway is an enterprise owned by Des Moines people, and is one of the busiest and most profitable lines in the city, owning good rolling stock and a number of miles of switching track.

#### Public and Private Buildings.

Des Moines is graced by a large number of handsome and substantial buildings, chief among them, of course, being the \$3,000,000 State Capitol, which stands on a commanding eminence on the east side of the river. The building is surrounded by extensive grounds, beautifully adorned and handsomely laid out, and with its stately proportions, handsome lawns, and sparkling fountains, beautiful flowers and

smooth walks, is a pleasant place to linger on a summer evening.

The United States Government Building at Fifth street and Court avenue is also a fine building of white stone, substantially erected, and contains the Postoffice and the United States Courts, Weather Service Bureau, and Internal Revenue offices. The Postoffice Department has also established branches on the East Side and at Highland Park, designated respectively as Stations A and B.

The new City Hall at the corner of Second street and Grand avenue, of the building of which mention was made in last year's Directory, is now completed, and is occupied by the police and fire department, the other city officers being in the old City Hall just south of the new structure. The new building is an elegant one, finished in fine style. The fire department occupies the north part of the north half of the building, its offices, apparatus and stables on the first floor, the sleeping rooms of the firemen on the second, and everything is kept scrupulously neat and clean, and the firemen take great pride in showing visitors over the premises. The police department offices and court room are on the first floor of the south half, with a large drill and wardrobe room, and the city jailor's apartments on the second, while the jail cells are in the half basement under the southeast corner of the building. The new City Hall is a good and substantial improvement, and one that has long been needed.

Among the more prominent of the private structures is the new Equitable Building at Sixth avenue and Locust street, a fine fire-proof building eight stories high, equipped with its own electric light plant and all the latest and most modern conveniences. The Iowa Loan and Trust Company's Building on Fifth street was one of the earliest of the modern office blocks, and, like the company that erected it, is of enduring character. The new Youngerman Block is a handsome and spacious eight story structure, handsomely fitted and convenient, and a veritable hive of offices. The Clapp Block is so familiar to our citizens that more than to mention its name were a work of superogation. The Harbach Building on Walnut is an-

other structure that stands as a monument to the business ability of its owner, who occupies it entire with his own stock of goods. The Harris-Emery Building on Seventh and Walnut is one of those modern department stores that have sprung up in the West in late years, and is a handsome and pleasing structure six stories high. Directly west, across the street, stands the Masonic Temple, erected by that patriarchal order which dates its birth back thousands of years, the building being largely devoted to office purposes. The great dry goods house of Younker Bros. also own and occupy a handsome building on Walnut, between Fifth street and Sixth avenue. There is also a large number of other fine business blocks, but space forbids any further reference to them here.

Des Moines has two fine opera houses, The Grand and Foster's, both on the west side of the river. The Capital City Opera House, on the East Side, burned down some time ago and has not been rebuilt. In the way of hotels, this city is well supplied. Among them may be mentioned the Savery, the Kirkwood, the Aborn, the Sabin, the Goldstone (east side), the Morgan, and the Logan, beside a large number of less pretentious yet comfortable hostelrys that afford good entertainment at reasonable cost. Among other buildings of semi-public character are the Y. M. C. A., in which is located the City Library; the Des Moines Club House, The Iliad apartment house at Eighth and Walnut streets, and various other buildings. The Drake Sanitarium, located just north of the State Fair Grounds in the east portion of the city, deserves special mention. It is a large brick structure, fitted up for the accommodation of patients who come to be cured of divers ailments by the efficacious mineral water which gushes forth from the earth at this point and is pronounced superior even to the celebrated Colfax springs. The building is fitted up in a most elaborate and modern manner, and no better resort can be found in the West than the Drake Sanitarium.

#### Churches, Schools, and Colleges.

Comparatively speaking, Des Moines is the Brooklyn of the West in the matter of churches. On every hand stand fine

church buildings, many of them elegant edifices of stone and brick, sumptuously furnished and elaborately decorated, with handsome pews, pulpits and chancels, the rich stained glass windows throwing a mellow light over the interiors, lending a subdued and softening effect. The churches are so grouped that the various street car lines run by the very doors of many of them, thus enabling all to attend divine worship with comfort and convenience.

The public school system of Des Moines is of the very best. The school buildings are numerous and costly, supplied with all needful modern apparatus, and managed by trained and efficient educators, the teachers largely being ladies, as experience has demonstrated that woman is especially adapted to this class of work.

Supplementing the public school system are the various colleges, industrial, and high schools of the city, affording ample facilities for the procurement of a complete and finished education. The prosperity and safety of a people depend upon the intelligence and enlightenment of its individual members, and certainly in this city, with its ample facilities for obtaining an education, there should be no cause for illiteracy, and it is with great pleasure that we can say there is but little of this undesirable lack within our borders.

### Prospective Improvements.

During the past year many improvements have been carried to perfection, but the present and coming year will see many others. Prominent among those "on the card" for this season is the repaving of the streets in the business portion of the city, something that was greatly needed. Larger water mains are being put down in the streets as this year's Directory goes to press, and the work of paving will, unless prevented by unforeseen circumstances, be finished before cold weather sets in.

Among the prospective improvements are the Street Car Depot, the new Auditorium, The Plaza Apartment House, and a number of other enterprises which are not, as yet, sufficiently advanced to admit of placing before the public. Numerous extensions of the street car lines are also under consideration, and of these it may be said that the public may depend upon the

present management of the company to pursue the most liberal policy consistent with wise and prudent business management. Drake University has just finished and occupied a large additional building, and Highland Park College has now nearing completion a large four-story brick structure which will be occupied by the science and art departments of this young giant among the educational institutions of the city. Taking it all in all, Des Moines has done very well in the matter of large improvements during the past year, and from present indications promises during the coming twelvemonth to eclipse its past record.

### Residence and Investment Property.

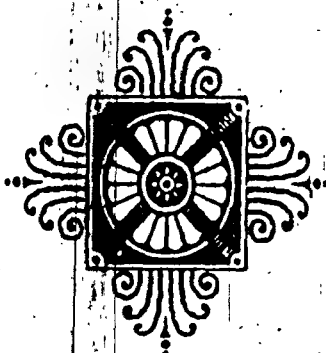

No city in the West offers better opportunities for the man of moderate means to secure a home of his own than does Des Moines. Lots may be procured at moderate cost and on easy terms, with residences built thereon to suit the fancy or inclination of the purchaser. This is especially true in the suburban districts, and these lots are just as desirable, or even more so, for residence purposes, as those nearer town, as there one is away from the noise and bustle of business, and they are easily and quickly reached by the excellent street car service. Kingman Place, Oak, Lake and Highland Park, and others, on the west side of the Des Moines river; Capitol Park and the numerous plats on the east side; Clifton Heights and its adjacent suburban additions, on the south side, are growing and flourishing residence portions of the city. All these, except Clifton Heights, are reached by the street car lines, and are building up fast. There is every inducement for the workingman to acquire a home in this city, and the constantly increasing population and the frequent sales of property on the payment system evidence the fact that laboring people and others of limited means are being attracted to Des Moines and are availing themselves of the advantageous opportunities offered them to secure homes for themselves.

As an investment for speculation, Des Moines real estate is very desirable. Property has doubled and trebled in value in

the past few years, and those who had faith in the town and invested in real estate eight, ten, or twelve years ago have been richly repaid by the increased prices at which they were able to dispose of their holdings. The rapid growth the city is making warrants the belief that values will increase at least a third within the next five years, and investments now, either for actual occupancy or for speculative purposes, is something that is safe and sure to be profitable.

In concluding this introductory sketch, we cannot refrain from, in a measure, repeating our words of last year concerning the people of Des Moines. No city

contains a better class of citizens as a whole, none more generous, kindly, liberal, or progressive. In business they are sound, safe, conservative, yet alert; and in their homes, whether to the familiar guest or the passing stranger, none are more hospitable. The broad, well shaded streets and avenues, the pleasant homes that abound on every hand, and the musical hum of business are certain indications that the people of Des Moines are sober, industrious and home-loving, and the publishers of this Directory congratulate them on the progress in wealth and prosperity they have made in the past, and join with them in their high hopes for the future.

# Des Moines Directory.

1893.

## STREET AND AVENUE GUIDE.

### EXPLANATION.

In arranging the "Guide to Streets and Avenues" for the City of Des Moines the following plan has been adopted (and approved by the City Engineer): All streets on the west side of the Des Moines river have been designated by the name or number alone, abolishing the prefix of west, except in the case of numbered streets south of Vine; for example: Walnut, Vine, Grand ave., Locust. In the case of the numbered streets, all north of Vine are designated as 1st, 2d, 3d, 4th, etc., and south of Vine, w so 1st, w so 2d, w so 3d, etc. Streets east of the Des Moines river which run through to the west side of and beyond the river are designated as e Vine, e Court ave, e Walnut, e Locust, etc.; the numbered streets north of Vine as e 1st, e 2d, e 3d, e 4th, etc., and south of Vine as e so 1st, e so 2d, e so 3d, etc. Streets on either side of the Des Moines river which do not run through from west to East Des Moines are designated by their names without any prefix; for example: Maple, Buchanan, School, University ave, etc. If located south of the Coon River, the name of the street is followed by (South Des Moines); if north of the Des Moines river, as (Highland Park). The following abbreviations are used: Ave for avenue, al for alley, bet for between, n for north, so for south, w for west, e for east, nw for northwest, sw for southwest, junc for junction, opp for opposite.

Following the description of each street or avenue, will be found the names of intersecting streets, in the order of their intersection.

The streets as located, follow in alphabetical order with the streets that intersect:

A (Fairview)—East from Ashford to East ave, second north of e North.

A—North from Crocker to School, east of 4th.

A—North and south from Fremont, 2d west of e 9th.

Adams (South Park)—South from s s Indianola ave, sixth southeast of 7th street bridge.

Allen—East from Des Moines river to e so 14th, fourth south of Vine.

- 73—Ninth and Hubbell (Capitol Park).
- 74—Fifth and Elm.

### DIRECTIONS FOR GIVING AN ALARM OF FIRE.

Key holders will be particular to observe the following rules:

1. To give an alarm, go to the nearest box, open the door, pull the hook to the bottom of the slot once and let go; then close the door.
2. Do not pull the hook if the fire bells or small bell in the box is striking, as that indicates that an alarm has already been given.
3. Be particular to remain at the box until the arrival of an officer of the fire department, who will release the key, or if circumstances will not permit remaining, then the proper officer will return the key to the holder as soon as convenient.
4. Key holders, upon changing their locations, will please return key or leave word with chief of fire department, corner Second street and Grand avenue.

### LOCATION OF CHEMICAL ENGINES.

### RATES OF FARE AUTHORIZED BY CITY ORDINANCE RELATIVE TO PUBLIC CARRIAGES, ETC.

Section 13. That the owner or driver of any omnibus, carriage, cab, herdic or other vehicle licensed under this chapter, shall be entitled to demand and receive not exceeding twenty-five cents (25c) for each passenger conveyed any distance not exceeding one mile.

For each passenger over one mile and under two miles, fifty cents (50c). For each passenger with trunk, one mile and under, fifty cents (50c). For each passenger with trunk, over one mile and under two miles, seventy-five cents (75c). Each additional passenger of the same party, twenty-five cents (25c). Provided that sixteen blocks shall constitute a mile. And they shall be entitled to add to the above rate when said service is rendered between the hours of 12 o'clock at night and 6 o'clock a. m., twenty-five cents (25c) for each passenger. And are entitled to charge, when employed by the hour, one and 50-100 dollars (\$1 50) for the first hour, and for each additional hour, one dollar (\$1); and they are hereby required to convey any passenger carried by them to such part of the city as he or she may require.

Children under five years of age accompanying any person who has paid full fare shall not be charged fare, and children between the ages of five and ten years shall only be charged half fare. Any person violating any of the provisions of this ordinance shall be subject to a fine of not less than five nor more than one hundred dollars.

*First Ward*—The first ward shall embrace all of that portion of the city lying west of a line described as follows, to-wit: Beginning on the south line of the city in the center of section twenty-one, in range twenty-four (24), running thence north through the center of said section twenty-one (21), and through section sixteen (16) and a part of nine (9) to the middle of Raccoon river; thence westward along the channel of said river to a point directly south of the southern terminus of the middle of Nineteenth; thence north to Grand ave; thence east on Grand ave to Seventeenth; thence north on Seventeenth to the north line of section five (5) in township seventy-eight (78), range twenty-four (24); thence west on the north line of said section to Twentieth; thence north on Twentieth to the Des Moines river; thence along the middle of the said river to the north line of the city.

*Second Ward*—The second ward shall include all of the territory lying east of the first ward, west of a line beginning at a point in the middle of the Raccoon river

where it is intersected by a north and south line running through the center of section nine (9); thence north through the center of said section nine (9) to Market; thence west on Market to Tenth; thence north on Tenth to Pleasant; thence west on Pleasant to the alley immediately east of lot two (2) in subdivision of lots three (3) and four (4) of Rose's addition; thence north on said alley to Park; thence east on Park to Eleventh; thence north on Eleventh to Jefferson; thence west on Jefferson to the west line of the plat of Prospect park; thence directly north to the Des Moines river; thence westward along the middle of the said river to the east boundary line of the first ward.

*Third Ward*—The third ward of the said city shall embrace all of the territory lying east of the boundary lines of the first and second wards above given and west of the following line: Beginning at the point above designated in section nine (9), as the beginning point of the east boundary line of the second ward; running thence eastwardly down the Raccoon river to the middle of Seventh street bridge; thence north to the southern terminus of Sixth ave, south of Elm; thence north on Sixth ave to Elm; thence east on Elm to Fifth; thence north on Fifth to Grand ave; thence west on Grand ave to Sixth ave; thence north on Sixth ave to Chestnut; thence east on Chestnut to Fifth; thence north on Fifth to College ave; thence east on College ave to Arlington ave; thence north on Arlington ave to Sixth ave; thence north on Sixth ave to the middle of the Des Moines river; thence down the said river southeastwardly to a point opposite the center of section thirty-five (35) in township seventy-nine (79), range twenty-four (24), thence east to the center of said section; thence north through the center of sections thirty-five (35), twenty-six (26) and twenty-three (23), to the north line of the city.

*Fourth Ward*—The fourth ward shall consist of all of that portion of the city lying east of the east boundary lines of the first and third wards, and west of the following lines: Beginning in the center of section twenty-two (22), on the south line of said city, thence north through the center of sections twenty-two (22), fifteen (15) and ten (10) to the middle of the Des Moines river; thence northwesterly up the middle of the Des Moines river to Sixth ave bridge where it crosses the said river.

*Fifth Ward*—The fifth ward shall consist of all of that portion of the said city lying east of the east boundaries of the third and fourth wards, and lying west of a line as follows, to-wit: Beginning in the middle of the Des Moines river where it is intersected by the center line running north through section ten (10), township

seventy-eight (78), range twenty-four (24); thence eastwardly along the middle of said river to a point opposite Seventh; thence north on Seventh to Locust; thence north from Locust on Pennsylvania ave to Maple; thence west on Maple to the center of Pennsylvania ave on the north side of said street; thence north on Pennsylvania ave to Fremont; thence east on Fremont to Twelfth; thence north on Twelfth to Washington ave; thence east on Washington ave to the east section line of section thirty-five (35) above referred to; thence north on the east lines of said section and upon the east lines of sections twenty-six (26) and twenty-three (23), to the north line of the city.

*Sixth Ward*—The sixth ward shall be composed of all that portion of territory lying east of the east boundary lines of the fourth and fifth wards and west of the following line, beginning in the center of section twenty-three (23) on the south line of said city, range twenty-four (24); thence north through the center of sections twenty-three (23), fourteen (14) and eleven (11) to the Des Moines river; thence up the middle of the said river to a point opposite and south of the southern terminus of e Sixteenth; thence north on Sixteenth to Walker; thence northeasterly on Walker and Easton Boulevard to the east line of section thirty-six (36); thence northward on the east lines of said section thirty-six (36), in range twenty-four (24), and of sections twenty-five (25) and twenty-four (24) to the north line of the city.

*Seventh Ward*—The seventh ward shall comprise all that portion of the city lying east of the east line of the sixth ward as above fixed.

### PRECINCT BOUNDARIES.

*First Ward*—First Precinct—All that portion of the first ward south of the Raccoon river shall constitute election precinct No. 1 of the first ward.

Second Precinct—All that portion of the first ward north of the Raccoon river and south of Center and of the center line running east and west through section two (2) and one (1) and six (6), shall constitute the second election precinct of the first ward.

Third Precinct—All that portion of the said ward north of the said second precinct shall constitute the third election precinct of the first ward.

*Second Ward*—First Precinct—all that portion of the said ward south of Crocker street shall constitute the first election precinct of the second ward.

Second Precinct—All that portion north of Crocker street in the same ward, shall constitute the second election precinct therein.

*Third Ward*—First Precinct—All that portion of the said ward south of Crocker

shall constitute the first election precinct therein.

Second Precinct—All that portion of the said ward north of Crocker and south of the Des Moines river shall constitute the second election precinct in said ward.

Third Precinct—All that portion of the said ward north of the Des Moines river shall constitute the third election precinct of said ward.

*Fourth Ward*—First Precinct—All that portion of territory in the fourth ward south of the Des Moines and Raccoon rivers shall constitute the first election precinct therein.

Second precinct—All that portion of the fourth ward south of Crocker and north of the Raccoon river shall constitute the second precinct in said ward.

Third Precinct—All that portion of the said ward north of Crocker shall constitute the third election precinct in said ward.

*Fifth Ward*—First Precinct—All that portion of the fifth ward south of Locust shall constitute election precinct No. 1 in said ward.

Second Precinct—All that portion of the fifth ward between Locust and the north line of section three (3) shall constitute election precinct No. 2 in said ward.

Third Precinct—All that portion of the fifth ward north of the north line of section three (3) shall constitute election precinct No. 3 in said ward.

*Sixth Ward*—First Precinct—All that portion of the sixth ward south of the Des Moines river shall constitute election precinct No. 1 in said ward.

Second Precinct—All that portion of the sixth ward north of the Des Moines river and south of Grand ave, shall constitute election precinct No. 2 in said ward.

Third Precinct—All that portion of the sixth ward north of Grand ave shall constitute election precinct No. 3 in said ward.

*Seventh Ward*—First Precinct—All that portion of the seventh ward south of the Des Moines river shall constitute election precinct No. 1 of said ward.

Second Precinct—All that portion of the seventh ward north of the Des Moines river and east of the east lines of section eleven (11) and two (2), and south of Grand ave, and a line extending directly east from the east terminus of the said ave, to the east line of the city, shall constitute election precinct No. 2 in said ward.

Third Precinct—All that portion of the seventh ward west of the east section lines of section two (2) and eleven (11) and south of North street and north of the Des river shall constitute election precinct No. 3 of said ward.

Fourth Precinct—All of the remainder of said ward shall constitute election precinct No. 4 of said ward.

#### COURTS.

*United States Courts of the Southern District of Iowa*—The United States is divided into nine Judicial Circuits, in each of which a Circuit Court is held for each District within each Circuit. The act of Congress, approved April 10th, 1869, provides as follows: "The Circuit Courts in each Circuit shall be held by the Justice of the Supreme Court allotted to the Circuit, or by the Circuit Judge of the Circuit, or by the District Judge of the District, sitting alone, or by the Justice of the Supreme Court and Circuit Judge sitting together, in which case the Justice of the Supreme Court shall preside, or in the absence of either of them, by the other (who shall preside) and the District Judge.

The State of Iowa is divided into two Judicial Districts. The Courts for the southern district are held in district court room, U. S. Government building, at Des Moines, second Tuesday in May and third Tuesday in October. At Council Bluffs, fourth Monday in March and September. At Keokuk, third Tuesday in January and June. Both districts are attached to the Eighth Judicial Circuit, which comprises the states of Minnesota, North and South Dakota, Nebraska, Iowa, Missouri, Colorado, Arkansas and Kansas.

Justice David J. Brewer has been allotted to the Eighth Judicial Circuit, and Hon. Henry C. Caldwell, of Arkansas, is Circuit Judge of said Circuit. The Courts for said Southern District are organized as follows:

*U. S. Circuit Court*—Hon. David J. Brewer, Justice of the Supreme Court, is by said act required to attend one term at least in every two years. Hon. Henry C. Caldwell, Circuit Judge; Hon. John S. Woolson, District Judge; Edward R. Mason, Clerk; Lewis Miles, U. S. District Attorney; David B. Miller, U. S. Marshal.

*U. S. District Court*—Hon. John S. Woolson, District Judge; Lewis Miles, U. S. District Attorney, David B. Miller, U. S. Marshal; J. J. Steadman, Clerk. Terms of Court the same as U. S. Circuit Court.

#### RATES OF POSTAGE ON FIRST-CLASS MATTER.

On letters, sealed packages, mail matter wholly or partly in writing (except proof

sheets and corrected proof sheets and manuscript copy accompanying the same, and except local or drop letters or United States postal cards); all printed matter so marked as to convey any other or further information than is conveyed by the original print, except the correction of mere typographical errors; all matter otherwise chargeable with postage, but which is so wrapped or secured that it cannot be conveniently examined by postmasters without destroying the wrapper or envelope; all packages containing matter not in itself chargeable with letter postage, but in which is enclosed or concealed any letter, memorandum, or other thing chargeable with letter postage, or upon which is any writing or memorandum; and manuscript for publication in newspapers, magazines or periodicals, two cents for each ounce or fraction thereof.

On local or drop letters, at offices where free delivery by carriers is established, two cents for each ounce or fraction thereof.

#### SECOND-CLASS MATTER.

Mailable matter of this class embraces all newspapers, magazines and periodicals, exclusively in print, and regularly issued at stated periods from a known office of publication, without addition by writing, mark or sign, and addressed to regular subscribers, 1 cent per pound. By act of March 3, 1879, sample copies may be sent at the same rate. Postage on this matter when sent by others than the publisher or news agent, is one cent for each four ounces or fraction thereof, postage to be prepaid by stamps affixed to said matter.

#### THIRD-CLASS MATTER.

The following articles are mailable at the rate of one cent for every two ounces or fractional part thereof:

Pamphlets, occasional publications, books, photographs, hand-bills, posters, sheet music (printed), prospectuses, maps, proof-sheets, regular publications designed primarily for advertising purposes or free circulation at nominal rates, corrected proof-sheets, seeds, cuttings, roots, scions and plants.

#### FOURTH-CLASS MATTER.

Mailable matter of the fourth class embraces labels, patterns, playing cards, visiting cards, address tags, paper sacks, wrapping paper and blotting pads, with or without printed advertisements thereon, bill-heads, letter-heads, envelopes with printed addresses thereon, ornamental paper, and all other matters of the same general character. This class includes merchandise and samples, models, samples of ore, metals, minerals, etc., and any other matter not included in the first, second or third classes, and which is not its

form or nature liable to destroy, deface or otherwise damage the contents of the mail bag or harm the person. Postage rate, one cent for each ounce or fractional part thereof.

#### RATES OF POSTAGE TO CANADA.

The Dominion of Canada, embraces all the British North American Provinces except New Foundland.

Letters and Postal Cards—Same rates and conditions of prepayment of postage as for domestic letters and postal cards.

#### RATES OF POSTAGE TO POSTAL UNION COUNTRIES.

Letters, five cents per half ounce or fraction thereof (fifteen grams being the postal equivalent of half an ounce).

Postal cards two cents each. Registration fee ten cents. Printed matter and samples of merchandise one cent for each two ounces or fraction thereof.

*Rates to Other Foreign Countries*—For rates of postage, conditions of prepayment, limit of size and weight, and manner of wrapping matter addressed to other foreign countries, ask your postmaster, who is furnished with a monthly Official Postal Guide, containing all necessary information on this subject.

#### UNMAILABLE MATTER.

Obscene books, letters, papers, pictures, and postal cards; lottery circulars and letters; liquids (except as permitted in the regulations); gunpowder and other explosives; live reptiles, animals, and insects (except queen bees); poisons, and any other articles liable to injure the mails or the persons of those handling them, and all matter otherwise mailable by law upon the envelope or outside cover, or wrapper of which, or postal cards upon which indecent, lewd, lascivious, obscene, libelous, scurrilous, or threatening delineations, epithets, terms, or language reflecting injuriously upon the character or conduct of another, may be written or printed, are hereby declared to be non-mailable matter.

#### WEIGHING PACKAGES.

If you have no scales, have all packages weighed at the postoffice. Postage must be prepaid in full or the package will not be forwarded.

#### FORWARDING LETTERS.

Letters and postal cards only may be forwarded from one postoffice to another without prepayment of postage, if re-mailed without unnecessary delay.

#### LETTERS RETURNED TO WRITERS.

All letters unclaimed upon which are endorsed, the names and addresses of the writers, will be returned, whether a specific

request for such return is endorsed or not—provided the original postage has been prepaid, according to law.

#### MONEY ORDERS

Are issued on all points in the United States at a trifling cost—on orders not exceeding \$5, 5 cents; over \$5 and not exceeding \$10, 8 cents; over \$10 and not exceeding \$15, 10 cents; over \$15 and not exceeding \$30, 15 cents; over \$30 and not exceeding \$40, 20 cents; over \$40 and not exceeding \$50, 25 cents; over \$50 and not exceeding \$60, 30 cents; over \$60 and not exceeding \$70, 35 cents; over \$70 and not exceeding \$80, 40 cents; over \$80 and not exceeding \$100, 45 cents.

Postal notes, under \$5, 3 cents.

A single money order may include any amount from one cent to \$100 inclusive, but must not contain a fractional part of a cent; on Canada and the Provinces \$10 or under, 10 cents; on all points in Great Britain or Ireland, \$10 or under, 10 cents; on all points in Germany, \$10 or under, 10 cents; on all points in Switzerland \$10 or under, 10 cents. We draw direct on France, Belgium and the Netherlands. We issue orders payable in Japan, Norway, Sweden, Hong Kong, Egypt, Turkey, India, Australia, France, Belgium, the Netherlands and all points in Italy, \$10 or under, 10 cents.

No limit to the amount of remittances to Foreign Countries. In the United States three orders of \$100 each is the limit for one remittance per day.

NOTE—All Foreign Fees are the same.

### SANITARiums.

*Drake Sanitarium*—Hyde Park, near Fair Grounds. J. H. Drake, M. D., proprietor.

### UNIVERSITIES AND COLLEGES.

*Drake University*—North and Twenty-fifth. Drake University was organized in 1881, being the conception of D. R. Lucas, G. T. Carpenter and others, who saw in

the rapid growth and central location of Des Moines a fit location for a great school. It was named in honor of F. M. Drake, of Centerville, Iowa, its most liberal donor. In type the University is English rather than German, comprehending a circle of ten colleges: Letters and science, Bible, normal, business, musical, oratorical, art, law, medicine and pharmacy. Each college has its own special courses and grants a special certificate or diploma. Only those students that complete courses based upon general collegiate attainments and a four years' course receive the University diploma and are regarded alumni of the institution. All students of the several colleges may enjoy the privileges of museums, libraries, reading rooms, lectures, etc., of the University, and may take classes in general or professional work in any of its schools upon equitable terms.

#### FACULTY.

George T. Carpenter, A. M., LL. D., 2404 Kingman ave., chancellor and professor of political science; Barton O. Aylesworth, A. M. LL. D., cor North and Twentieth, president and professor of mental and moral science; Bruce E. Shepherd, A. M., 1336 Twentieth, professor of pure mathematics; Lyman S. Bottonfield, A. M., 1336 Twentieth, professor of English language, literature and history; Gerhard J. Zepter A. M., 1128 Twentieth, professor of modern languages; Charles O. Denny, A. M., 1000 Twentieth, professor of Latin language and literature; Alvin I. Hobbs, A. M. LL. D., 1324 Twentieth, professor of Christian evidences; Oscar T. Morgan, A. M., 1159 Twentieth, professor of Greek and Hebrew; L. S. Ross, M. Sc., 1160 Twentieth, professor of biology and chemistry; William A. Crusinberry, A. M., professor of applied astronomy and curator of telescope; Ed. Amherst Ott, Twenty-sixth and University ave, elocution and physical culture; D. W. Finlayson, M. D., lecturer on physiology and anatomy; S. S. Bonbright and L. L. Ross, curators of museum; O. T. Morgan, secretary of faculty; Jennie Carpenter, 2404 Kingman ave, librarian.

*Des Moines College*.—Ninth, cor College ave. Founded 1865. There are two departments, academic and collegiate, and four courses in each: Classical, philosophical, scientific and literary. Each of these extend through four years. H. L. Stetson, D. D., president, Prof. of mental and moral philosophy; Mrs. J. P. Stephenson, M. A., lady principal, French and German; Miss Hattie L. Goodrich, librarian.

*Capital City Commercial College*.—Southwest cor of Sixth and Locust. Organized in 1885. This school consists of three departments, viz: commercial, penmanship and drawing, and a normal and English training school for teachers and others

who desire it. The school of shorthand consists of four departments, viz., the department of elementary stenography, the department of reporting, the typewriting department, and the department of actual office work. To those who complete the full commercial course, or the course in shorthand and typewriting, and pass the examinations satisfactorily, diplomas are awarded. J. M. Mehan, president; W. H. McCauley, vice-president; W. H. Giessman, secretary.

*Highland Park Normal College*—(Highland Park)—The erection of this College was commenced in July, 1889. The first school term commenced September 2, 1890. The College is beautifully located in Highland Park, about two and one-half miles north of the court house, postoffice and railroad depots. The college is connected with the city by Belt Line street cars. The courses of study are preparatory, teach-

ers review, didactic, special didactic, scientific, classical, literary, commercial, civil engineering, special training, musical, elocution, art, telegraphy, electrical engineering, shorthand, typewriting, pharmacy. Faculty: O. H. Longwell, A. M., president; Clifton Scott, M. D., M. S.; J. B. Duryea, M. A.; Edward D. Garber, M. S., B. C. E.; Hill M. Bell, M. S.; Miss Elizabeth K. Matthews, L. A. Vingess, M. A.; E. C. Sickles, L. M. Kelchner, John Carr, Sherman R. Macy, Ph. G.; I. Mueller, Ph. D.; M. H. Page, J. R. Hanna, B. S.; J. E. Magers, T. D. Davis, Eli Grimes, R. H. Patterson, James M. Tracy, Jacob Schmidt, Mrs. J. M. Tracy, Clarence E. Baldwin, Mrs. Luetta B. James, Joseph Sedwick, Miss Minnie Dennis, Miss Ona Hall. Trustees, E. J. Goode, president; Lowry W. Goode, vice-president; W. W. Fink, Secretary; George C. Newman, treasurer; Frederick D. Goode.

**Home Office: Room No. 1, Equitable Bldg.,  
NO. 605 LOCUST STREET.**

**Twenty Cents a Day is \$1,000 in Seven Years.**

**Authorized Capital, - - - - - \$50,000,000.00**

The Union is practically a co-operative savings bank, organized strictly in accordance with the provisions of Chapter 6, Title IX of the Code of Iowa, and its shares afford the best possible investment for surplus or savings. Three classes of stock; par value, \$100 per share.

Class "A"—Savings and borrowers, 58 cents per month. No admission fee.

Class "B"—Investors prepaid; \$40 single payments; \$1 per share admission fee; no dues; no fines; will mature in six years or less at \$100.

Class "D"—Investors full paid; \$100 single payment; \$1 per share admission fee; 8 per cent dividends in cash in January and July of each year.

All stock and dividends credited are withdrawable on notice.

Every cent of profit earned by the Union is distributed twice a year among the shareholders, and the rate of profit to shareholders thus far has been from 15 to 17 per cent per year.

Interest compounded twelve times a year for the benefit of shareholders.

Sixty years of success guarantees the merit of the system in general.

# Highland Park Normal College,

Des Moines, Iowa.

The Largest and Best Equipped School in Iowa.

1315 students enrolled last year.

A Large Faculty of excellent teachers.

A School where a person can find almost any branch he desires to study.

The Accommodations the best, Expenses Low.

Fall Term opens August 29, 1893.

Highland Park Normal College is easily the largest and best equipped Normal College in the west. The success of the school is without precedent. It is a solid, substantial school, organized and conducted on business principles, thoroughly equipped and embodying everything that is good in modern principles and practices of teaching.

**Conservatory of Music.** This is unquestionably the best equipped Conservatory of Music in the west. The teachers cannot be excelled anywhere in the country.

**Accommodations.** Besides the college building there are nine other buildings owned by the school and devoted to the accommodation of students. These buildings are all furnished completely throughout, heated by steam and hot air and lighted by electricity.

**Equipments.** The school is thoroughly equipped with everything needed for successful school work. No expense has been spared in providing the most thorough and successful work in Pharmacy, Electrical and Civil Engineering, Chemistry and the like.

**The Library.** The Library contains 4,000 volumes of the choicest books that can be had. The reading room is well supplied with daily and weekly papers and periodicals, and with the best magazines published.

**Special Training Department.** This is the most thorough and complete school in the country for training teachers in Kindergarten and Primary work.

**Query.** What is the use of attending a school where you cannot find the studies you want and the accommodations are poor? Why pay money to be taught by poor teachers? Why spend twice as long in mastering a branch as is necessary? In fact is it not poor economy to attend any school that is hopelessly behind the times in methods of instruction, accommodations and equipments and all that goes to furnish the best in modern education.

**Courses of Study.** Preparatory or review, Didactic, Special Didactic, Special training, Scientific, Classical, Literary, Civil Engineering, Electrical Engineering, Pharmacy, Business, Music, Elocution and Physical Culture, Art Telegraphy, Shorthand, Typewriting, Special Penmanship.

**Expenses.** Board is \$2 a week, room rent 50 and 60 cents a week, tuition \$1 a week in all the regular work of the school, light 20 cents a week, heat 30 cents a week. Tuition in Telegraphy is \$25 a term or \$50 for full course. Pharmacy \$20 a term—about half what is usually charged. The tuition in Shorthand is \$15, in Typewriting \$8 a term. Electrical Engineering \$20 a term. \$154.00 in advance pays for board, room rent and tuition and light for one year of 44 weeks.

**CALENDAR.** Fall term opens August 29, 1893 and continues 11 weeks. Winter term opens November 14, 1893 and continues 11 weeks. Spring term opens January 30, 1894 and continues 11 weeks. Summer term opens April 17, 1894 and continues 11 weeks.

Washington Life Ins Co. of N. Y. Assets \$12,500,000.

Their policies are easily defined: They are non-forfeitable; they are unrestricted as to residence and travel after 2 years; they are incontestable after 2 years; they are secured by an invested reserve; they are solidly backed by bonds and mortgages, first liens on real estate they are safer than railroad securities; they are not affected by the stock market; they are better paying investments than U. S. bonds, they are less expensive than assessment certificates; they are more liberal than the law requires; they are definite contracts; they contain guaranteed cash surrender values for the full reserve; they make immediate settlement of all claims. **M.  412 Eighth Street,  
 DES MOINES, IOWA.

## A 6 PER CENT. INVESTMENT.

New York, March 7, 1893.  
 In 1873 I took out Tontine Endowment Policy No.  
 78,620, with the Equitable Life Assurance Society  
 of the United States, for \$5,000, and have paid, in  
 all, \$4,768 in premiums to the Company.

On the maturity of the Endowment the Company  
 paid me \$7,985.20 in cash. W. A. Ross.

This is a return of all the premiums paid, and interest on the  
 same at the rate of 6 3/4 per cent per annum

## A 6 PER CENT. INVESTMENT.

New York, March 7, 1893.  
 In 1873 I took out Tontine Endowment Policy No. 78,620, with the Equitable Life Assurance Society of the United States, for \$5,000, and have paid, in all, \$4,768 in premiums to the Company.  
 On the maturity of the Endowment the Company paid me \$7,985.20 in cash. W. A. Ross.

This is a return of all the premiums paid, and interest on the same at the rate of 6½ per cent. per annum

## A 6 PER CENT. INVESTMENT.

New York, March 7, 1893.  
In 1873 I took out Tontine Endowment Policy No. 75,620, with the Equitable Life Assurance Society of the United States, for \$5,000, and have paid, in all, \$4,768 in premiums to the Company.  
On the maturity of the Endowment the Company paid me \$7,985.20 in cash. W. A. Ross.

This is a return of all the premiums paid, and interest on the same at the rate of 6 3/4 per cent. per annum.

## A 6 PER CENT. INVESTMENT.

New York, March 7, 1893.

In 1873 I took out Tontine Endowment Policy No. 78,620, with the Equitable Life Assurance Society of the United States, for \$5,000, and have paid, in all, \$4,768 in premiums to the Company.

On the maturity of the Endowment the Company paid me \$7,985.20 in cash. W. A. Ross.

This is a return of all the premiums paid, and interest on the same at the rate of 6% per cent. per annum.

## A 6 PER CENT. INVESTMENT.

New York, March 7, 1893.  
 In 1873 I took out Tontine Endowment Policy No. 78,620, with the Equitable Life Assurance Society of the United States, for \$5,000, and have paid, in all, \$4,768 in premiums to the Company.  
 On the maturity of the Endowment the Company paid me \$7,985.20 in cash. W. A. Ross.

This is a return of all the premiums paid, and interest on the same at the rate of 6½ per cent. per annum.

## A 6 PER CENT. INVESTMENT.

New York, March 7, 1893.  
 In 1873 I took out Tontine Endowment Policy No. 78,620, with the Equitable Life Assurance Society of the United States, for \$5,000, and have paid, in all, \$4,768 in premiums to the Company.  
 On the maturity of the Endowment the Company paid me \$7,985.20 in cash. W. A. Ross.

This is a return of all the premiums paid, and interest on the same at the rate of 6 3/8 per cent. per annum

## A 6 PER CENT. INVESTMENT.

New York, March 7, 1893.  
In 1873 I took out Tontine Endowment Policy No. 78,620, with the Equitable Life Assurance Society of the United States, for \$5,000, and have paid, in all, \$4,768 in premiums to the Company.

On the maturity of the Endowment the Company paid me \$7,985.20 in cash. W. A. Ross.

This is a return of all the premiums paid, and interest on the same, at the rate of 6½ per cent. per annum

**LEE B. DURSTINE, MANAGER,**

# The Drake Sanitarium.

Hyde Park,  
Des Moines, Ia.

Telephone No. 315.

For the Treatment and Cure of Chronic and Surgical Diseases,  
OFFICIAL SURGERY A SPECIAL FEATURE.

## CHRONIC DISEASES.

The Sanitarium is well equipped with everything necessary for the successful treatment of all chronic diseases, including Rupture, Cancers, Rheumatism, Asthma, Hysteria, and numerous other diseases having their origin in the sympathetic nervous system.

The central lesion is usually the generative system, and in all these cases lower orifice, become involved, on account of their close contiguity to the other organs, and through the action of the sympathetic and spinal nerves. It is this class of complicated cases that we solicit and are so well qualified and prepared to treat.

## BATHS.

The bath rooms have been arranged with special reference to the comfort and requirements of the patients, and are unsurpassed in point of furnishings and fittings for the purpose. Here are given the thermo-electric, medicated, vapor, Turkish, mineral, and plain baths, and massage. The best operators and masseurs are in charge of this department, under our immediate supervision.

## SURGICAL DEPARTMENT.

This department is under the immediate charge of Dr. Drake, who for a number of years has made a specialty of the work, and who is widely known as a skillful and successful operator in lacerations of the cervix uteri, lacerated perineum, inflammations, ulcerations, and erosions of the womb, strictures of the cervical canal, causing painful menstruation, especially in young ladies—rectal troubles of all kinds, such as ulcers, piles, fistula, papilla, pockets, cancer, etc., and all chronic diseases of the male and female generative system, are among the cases which we successfully treat.

## WATER.

A little west of the building is one of nature's gifts to ailing humanity—an artesian well which is unusually rich with the best approved mineral properties, a specific for numerous diseases.

## TO PHYSICIANS.

We desire to receive into the Sanitarium only such Chronic and Surgical cases as the general practitioner, for want of time and convenience, is not prepared to treat. Therefore we would say to all to whom this greeting may come, that we do not wish nor expect to enter into competition with either local or non-resident physicians, but rather to work with them to the highest aim of the profession. To all such, and to invalids and their anxious friends, we extend a cordial invitation to call and examine our Sanitarium and the nature and extent of our work.

We do not receive patients with contagious diseases, nor insane persons.

## A 6 PER CENT. INVESTMENT.

New York, March 7, 1893.  
 In 1873 I took out Tontine Endowment Policy No. 78,620, with the Equitable Life Assurance Society of the United States, for \$5,000, and have paid, in all, \$4,768 in premiums to the Company.  
 On the maturity of the Endowment the Company paid me \$7,985.20 in cash. W. A. Ross.

This is a return of all the premiums paid, and interest on the same at the rate of 6 3/4 per cent. per annum.

**TEETH.**

**The Cause of Numerous Diseases and Disagreeable Habits.**

Horses having diseased Teeth are hard to keep in condition; if poor it is impossible to fatten them. Young as well as old horses require the operation. Veterinary Surgeons advocate Horse Dentistry. Veterinary Dentistry is an act of humanity; it not only relieves suffering, but produces a fine, pleasant driver and gives you a healthy horse. I can make any Old Horse look young by operating on the teeth. After undergoing treatment they become good drivers and improve in flesh. They can be cured of Coughing, Drooling, Stopping Short, Starting Suddenly, Frothing, Lolling of the Tongue, Loss of Flesh, Weak Eyes, and especially from driving on one rein or pulling. I will visit any point where a sufficient number are ready, and am always pleased to explain my method to those interested in the welfare of their horses. Examination free.

# FACTS

ABOUT

## White Bronze.

It is cast from a refined non-corrosive Metal.

It is not Porous; has no fissures and will not absorb moisture.

It will not grow moss nor require Cleaning.

Frost has no effect upon it.

INSCRIPTIONS are cast in raised letters and will always remain legible.

MORE artistic designs can be produced than in other materials.

No Monumental Material has ever received such unqualified scientific endorsements.
